Tokenomics

$SCRIBE Token Economics

Built on the principles of fairness and sustainability, our token distribution ensures long-term value for all stakeholders

No Team Tokens

Zero tokens are held by the team, ensuring complete decentralization and fair distribution

Community Driven

100% of tokens are distributed to the community and liquidity pools

Long-term Vision

Team is committed to sustainable ecosystem development and growth

Fair Launch

Equal opportunity for all participants with transparent token distribution

Submit Email

Just submit your email address to receive your subscription credentials.

Get Access

Receive your subscription credentials within 5 minutes. Start enjoying your premium service!

Development Timeline

$SCRIBE Roadmap

Our journey to revolutionize decentralized subscription on Solana.

Phase 1	Phase 2	Phase 3	Phase 4
Q2-Q3 2025	August 2025	Q1 2026	Q2 2026

August 2025

Token Launch & Service Activation (TGE)

From architecture to activation — powering live subscriptions and the $SCRIBE economy.

- ✓ No presale/team allocation; fair launch on Raydium/Meteora
- ✓ Netflix, Spotify, Canva, etc. activated for crypto-native payment

- Time-weighted staking for premium plans and rewards
- Upgraded delivery engine with latency target under 25s
- DAO wallet, snapshot voting enabled
- Bounty programs, ambassador drives, and KOL outreach
- Buyback + burn on every payment; real-time burn dashboard
- SolSubscribe API v1 + webhook system
- Post-launch audits and optional enterprise KYC
