ABOUT THE SIGN

The Sign represents the momentum of the AI-Proof initiative, which aims to bring about a user-owned dataset economy which is necessary for a smooth societal transition to the AI Era. It powers the AI-Proof ecosystem by enabling strategic capital deployment.

The Sign isn't to be spent recklessly, nor is intended as main funding instrument of the AI-Proof Company which governs it. The Sign is meant to be a literal sign of the collective power of people fighting for a sovereign future.
A future where their voice matters.

Economically, politically & socially.
